

LIGA PUERTORRIQUEÑA CONTRA EL CANCER
ONCOLOGY HOSPITAL DR. ISAAC GONZALEZ MARTINEZ
COMMISSION ON CANCER - ANNUAL COMMUNITY OUTREACH SUMMARY 2021

8.2 Cancer Prevention Event

8.3 Cancer Screening Event

Prepared by: Zahira Rodríguez

Type of Activity	Place of Activity	Date of Activity	Type of Cancer	Services	Outcomes	Effectiveness
"Oncology on Wheels Program"	Municipality of ADJUNTAS	October 30, 2021	Mammography	39	27 Benings; 12 for Other Views; 8 for Sonomamography; 7 for Magnifications	1 went to a radiologist in Ponce; 3 went to primary doctors in other towns; 1 Sonomamography resulting in stage 3-Follow Up in 6 months; 1 Sonomamography and other studies in our hospital. The rest: not taking action
			Breast Screening	24	2 Spot Findings.	Referred to Sonomamography
			Gynecology/Papanicolaou	33	14 Partial Hysterectomy or Salpingectomy. 12 received medication orders.	12 referred to primary doctors for other conditions. The rest were negative.
			Urology Screening	29	No findings	
			PSA Laboratory	31	2 abnormal	Referred to their primary doctor.
			Oral Cavity	0	n/a	n/a
			Dermatology	47	7 psoriasis; 23 medication orders; 17 fot Biopsy	1 Referred for Dr. Villa in Ponce. The rest for Dr. Vendrell, Dr. Edna Mora, Dr. Cruz and 1 for a Physiatrist.
			Pulmonary Function	0	n/a	n/a
			TSH Laboratory	101	5 abnormal (3 Low), 2 High)	Referred to their primary doctor.
			CBC Laboratory	100	No abnormal results	
CEA Laboratory	1	No abnormal results				
Total Impacts:		162		405	<p>The clinic of the Municipality of Adjuntas stood out for the high attendance for the specialty of Dermatology. The Survey of Access Barriers carried out by the Department of Social Work, reflected that local doctors are primary, specialist doctors and hospitals are located in other towns, such as: Lares and Ponce. This barrier does not allow the population to receive adequate treatments</p>

COMMISSION ON CANCER - ANNUAL COMMUNITY OUTREACH SUMMARY 2021

8.2 Cancer Prevention Event

8.3 Cancer Screening Event

Prepared by: Zahira Rodríguez

Type of Activity	Place of Activity	Date of Activity	Type of Cancer	Services	Outcomes	Effectiveness
"Oncology on Wheels Program"	NOVEMBER: PROSTATE MONTH AWARENESS CAMPAIGN	December 4, 2021	Prostate	51	Screening	6 for Biopsies schedule for February 4, 2022, by Dr. Eduardo Canto Repetti. 1 for Biopsy, but needs to be evaluated with Dr. Canto. 2 referred for MRI. 1 Referred to Dr. Héctor Ortiz Rivera
				48	PSA Laboratory	
				1	Covid 19 Test	
Total Impacts:		51		100	This clinic responds to a news media campaign as part of November: Prostate Cancer Awareness Month. It was coordinated by the Public Relations of the LPCC, in conjunction with the Office of the League and the Director of Social Work, Yajaira Serrano. The massive campaign managed to capture 60 knights, of whom 51 of them attended. This clinic overcame one of the accessibility barriers, as it provided the opportunity to provide appointment services promptly, on a Saturday for greater availability; Laboratory for the PSA test on the same day, consultations with 7 urologists, staff of the Department of Social Work and therefore allows us to give continuity of clinical long term services. All participants had a medical plan, so it did not require Referrals, nor any cost. All agreed that this type of event must be held annually.	

Total Impacts 2021:	245	3 Clinics	550	The municipality of Adjuntas represents the gradual return of clinics with the concept of "Oncological On Wheels" since the beginning of the Covid 19 Pandemic, whose attendance was conservative, as a result of the established protocols. The prostate cancer awareness campaign has been a success, taking into consideration the lack of receptivity on the part of men to get this type of test.
